The work at Pavillion falls under the SHC Theme for site-specific technical assistance (to R8).

There is no box for this site nor explicit funding.

Can anyone help with Randall's question?

Good day Dom,

Renae is preparing the PR for the repair of our E-log tool. I am putting together a sole source justification and need some input from you, since we are using some of your C3 monies (thank you again, by the way).
The SSJ has language that ties it to a specific RAP. I need the following info to finish the package
